Text presented in Liberation Mono.

Cover image is Bedcover (Unfinished Quilt Top), c. 1825 – 1850. Collection of Art Institute of Chicago. Public Domain CC0.

Tools used are Lua 5.3.6, LibreOffice 24.8.3.2, Zine Arranger 1.0

Thanks to Nick Montfort, Todd Anderson, Allison Parrish, Gee's bend, anonymous quilters, Amelia Marzec, Jaci Tusman, StackOverflow contributors, and Merveilles.

Quilt Poems is a NaNoGenMo (National Novel Generating Month) project to create a book of generative poetry. I wrote a library that encodes quilting patterns as data, selected a corpus of words, and wrote a Lua program that creates visual poems in the shape of procedurally selected quilt patterns.

The software was written in Lua and is released into the public domain.

For this chapbook I selected favorite poems from among the infinite unfolding of generated works.
